

CLLR. PAUL KELLY

Your Conservative candidate for **Haymill & Lynch Hill**

I have been your councillor since 2017, along with Cllrs Wayne Strutton and Anna Wright. We have been working hard for local residents for years representing Haymill & Lynch Hill residents and protecting them from the poor services our Labour-led council provides.

I am continuing to focus my efforts for residents on:

- ✓ Working hard to oppose unsustainable development & protect our valuable green spaces, such as the green in Blumfield Crescent.
- ✓ Ensuring that our residents have a greater say on changes in their streets, rather than changes being forced on them by Labour.
- ✓ Holding Labour to account for wasting vast sums of money on staff pays outs, which should be spent on local services for residents.

I am standing again in this years local council elections in May 2019 - if you want to get in touch to raise issues or offer support, my details are on the back.

ON REVERSE

I work at one of our local schools in Britwell and care passionately that as many local children as possible are supported in our schools.

I lived in Maybury Close and Blumfield Crescent and have a strong belief that the people in the area I grew up should be represented by someone who will work hard on their behalf. I want to continue holding the Labour council to account for their terrible waste and appalling track record on air quality - which effects both our younger and older residents.

Four reasons to support us

Put Slough residents' **quality of life first**

We will tackle poor street cleanliness, recycling rates amongst the lowest in the UK, and poor journey times that are double the England average.

Safeguarding a sustainable **town environment**

Our town and services are under too much pressure – we need to make sure development is sustainable to meet the needs of existing and future communities.

Properly reinvigorate and renew our **town centre & high street**

Labour have neglected our town for 10 years while local Conservative run-towns like Bracknell regenerate - residents need a town fit-for-purpose.

Make sure residents get council tax **value for money**

Labour have wasted millions on staff pay-outs, failed schemes and vanity projects – residents deserve value for money from their hard earned council tax.
